01 EXECUTIVE SUMMARY

SONIC E&I SOLUTIONS — YOUR TRUSTED PARTNER IN E&I EXCELLENCE

SONIC E&I Solutions is a specialized engineering partner delivering **zero-defect E&I execution** for energy and industrial projects.

Global Standards

GE / Siemens engineering standards applied on every project

Veteran Expertise

25+ years of elite field experience in energy & industrial sectors

AI-Powered QA/QC

SONIC AI-Punch™ — the intelligent defect detection platform

RESULT: Faster commissioning, zero rework, and guaranteed technical integrity.

02 WHY SONIC — VALUE PROPOSITION

WE DON'T JUST EXECUTE. WE ELIMINATE RISK.

⚠️ INDUSTRY PROBLEMS

- Hidden defects during installation
- Delayed punch list closure
- Costly rework & commissioning delays
- Inconsistent QA/QC quality

⚡ SONIC SOLUTIONS

Traditional Approach	SONIC Approach
Manual inspection	AI-assisted QA/QC
Delayed reporting	Real-time defect detection
Human error	Zero-miss verification system
Reactive fixing	Proactive prevention

03 FOUNDER & AUTHORITY

PROVEN LEADERSHIP IN GLOBAL ENERGY PROJECTS

HOANG NGOC SON

Founder & CEO

SONIC E&I Solutions

"Right First Time is not a goal — it is a system."

25+ Years

Global energy project experience

Siemens Energy

Former Siemens Energy engineer

GE Turbines

Owner's Engineer for GE Turbine projects

Offshore & EPC

VARD Vung Tau · Vietsovpetro specialist

Zero-Defect Track

Zero-defect execution on multiple high-risk projects

04 SONIC AI-PUNCH™

AI-DRIVEN QA/QC & PUNCH MANAGEMENT PLATFORM — CORE DIFFERENTIATOR

► BOOK AI-PUNCH™ DEMO

BEFORE — Manual QA/QC

Manual inspection — missed defects

Delayed reporting — no real-time view

Human error — inconsistent results

Reactive fixing — costly rework

WITH SONIC AI-PUNCH™

AI detects defects instantly (crimping, torque, FOD)

Full photo-based traceability on every item

Real-time punch tracking dashboard

Automated reporting — zero delays

SONIC AI-PUNCH™ — LIVE PLATFORM

RESULT

Zero Missed Defects

Faster Punch Close-Out

Full Transparency for Client

Higher Commissioning Confidence

COMMERCIAL OPTIONS

OPTION 1 — FULL QA/QC DEPLOYMENT

\$ \$XXX / man-day ► Full inspection + supervision ✓ KPI: Zero major defect

OPTION 2 — AI-PUNCH™ SYSTEM

\$ Setup: \$X,XXX · Monthly: \$XXX ✓ ROI: Save \$XXX,XXX / project

05 CORE SERVICES

END-TO-END E&I EXECUTION — ENTERPRISE FORMAT

Installation & Wiring

- ▶ Cable laying & routing
- ▶ Termination (GE/Siemens)
- ▶ Panel & JB wiring
- ▶ IEC compliance

✓ Inspection-Ready Systems

System Commissioning

- ▶ Loop checking
- ▶ Instrument calibration
- ▶ Functional testing
- ▶ PSSR preparation

✓ No-Delay Startup

QA/QC & Tech Supervision

- ▶ AI-assisted inspection
- ▶ Punch list mgmt
- ▶ Compliance audits
- ▶ Documentation

✓ Eliminate Defects

Pre-Startup Safety (PSSR)

- ▶ Hazard analysis
- ▶ Safety loop verify
- ▶ System readiness
- ▶ Validation

✓ System Safety

SONIC Academy

- ▶ E&I training programs
- ▶ Field-based learning
- ▶ AI-integrated QA/QC
- ▶ Certification

✓ Certified & Ready

06 CASE STUDY

GE / SIEMENS / SEAONICS STANDARD COMMISSIONING PROJECTS

CHALLENGE

- 1,000+ punch items
- Tight commissioning deadline
- High QA/QC requirements

SOLUTION

- Deployment of SONIC AI-Punch™
- Full QA/QC supervision
- Real-time defect tracking

RESULT

- 0 defects at handover
- 20% faster punch close-out
- Zero rework required

OUTCOME: On-time commissioning with full technical integrity. ZERO DEFECT HANDOVER.

08 ENGAGEMENT MODEL

HOW CLIENTS WORK WITH SONIC — CHOOSE YOUR PATH

OPTION 01

Full E&I Execution

End-to-end project delivery from installation through commissioning and handover

\$ \$XXX / man-day

► Full inspection + supervision

✓ KPI: Zero major defect

OPTION 02

QA/QC & Commissioning Partner

Independent technical assurance and commissioning management

\$ \$XXX / man-day

► QA/QC audit + commissioning mgmt

✓ KPI: Zero punch carry-over

OPTION 03

AI-Punch™ Deployment

Digital QA/QC transformation with SONIC AI-Punch™ platform integration

\$ Setup: \$X,XXX · Monthly: \$XXX

► ROI: Save \$XXX,XXX per project

✓ KPI: 100% defect traceability

OPTION 04

Sonic Academy Training

Human capital development with certified, field-based E&I training programs

\$ \$XXX / trainee / course

► Certified field-based program

✓ KPI: Pass rate ≥ 95%
